present

Es'ham Volunteer Group - Damad, Jazan

I have involved in many volunteering programs, e.g., clean & repairing the mosques, distribute baskets of food to the families in need, etc. before and during Ramadan.

EXPERIENCE

Projects

2018

- Personal Website

I developed a personal website for myself includes my resume & Portfolio for the projects that I have worked on. You can take a look at Eyad-M.github.io

Mar. - Apr.
2018

- Jenga Game

I developed a Jenga game using Unity3D game engine for Artificial Intelligence subject. The idea of the game is to play Jenga against the AI. I have done the project in one and half month using JavaScript only, I also done it individually which gained me developing skills and time management skills.

Freelancing

2011 -
present

- Graphics Designing using Adobe Photoshop

My personal website has a Portfolio of my latest designs that I have worked on.
